[Captioning](#)

- Captioning on any video that has speech is **required by Ontario law**. So, Lyons requires all videos with speech to be captioned.
 - Videos submitted without captioning will be denied.
 - Captioning required for the video wall is known as **open captioning** which is basically burned into the video (always shows, cannot be turned off).
 - Lyons has software that will aid in adding captioning, including Camtasia (available in both Edit Suites).
 - Don't have time? There are online services that will provide captions and transcriptions such as [Rev.com](https://www.rev.com) (for a price).

[Licensing & Permissions](#)

Be sure that any media you use in your submitted art is your own work.

If you use any additional media that you have not created, be sure that it is covered via a [Creative Commons](#) license, is offered royalty free, or that you have permission to use it. If media is found to use copyright protected content without permission, it will not be displayed on the video wall.
