

Electronic Resources available for use by Alumni

While most databases and e-journals are not available to alumni **from off campus** due to licensing restrictions, the library is able to offer remote access to the following resources. You will need to create an [Alumni Access account](#), using the barcode number from your Alumni Library Card.

If you do not have an Alumni Library Card but would like online access, you can fill out the [Alumni E-Resources Application](#) request form to obtain a barcode (this barcode can also be used to borrow physical library items, provided you have photo ID).

Please note: **You must always access these resources from this page**, as your Alumni Access account will not be recognized if you try to access these resources from the library catalogue or website.
