

Frequently Asked Questions

[What does Echo360 record?](#)

Records any combination of screen, camera, and microphone, and easily edit before publishing to your Echo 360 course. There are only a couple of rooms that have a physical camera that records the instructor, this can be disabled at the instructors request.

[How does it work?](#)

If using Echo360 in one of our registrar controlled classrooms, contact CCT and we can set it up. The Echo appliance in the classroom will automatically record your lecture in the background - all you have to do is teach!

[How do I share the captures with my students?](#)

Frequently Asked Questions

Published on McMaster University Library (<https://library.mcmaster.ca>)

You have a few options:

- **Avenue 2 Learn integration:** Have a direct link to your captures in your Avenue course page for only your enrolled students to view.
- **Adding students by email:** Add your students via email to your Echo course. They will have to create free accounts to view the material.
- **Public access link:** Create a public link to your course so that anyone can view your captures.

[Who owns my recordings?](#)

Echo360 provides the service and technology to create the captures, you are the primary owner of your recordings. You have full control over who views your content and how it gets shared.

[Printer-friendly version](#) [PDF version](#)

[Can students download my recordings?](#)

Yes, students can download your recordings as well as any additional content you upload to your Echo360 course. This feature can be turned off in your course settings, please contact CCT for this information.
