By law, a bike must have lights, reflective tape, and a bell/horn.

You are required to use your bike lights a half an hour before sunset until a half an hour after sunrise.

Riding a bike offers fun, freedom and exercise, and it's good for the environment.

Cyclists do not have the right of way and MUST obey the same rules as motorists.

On a bike, you can be fined $400 for failing to stop for a stopped school bus.

A bicycle helmet is the single most effective safety device available to reduce head injury and death from bicycle crashes.

Helmets should be worn level and cover your forehead. Straps should be snug enough that you can't pull or twist the helmet around on your head.
