Scope of this report

The Scope of This Report

This report looks at the aviation industry in Europe, with a special focus on France, Germany, Ireland, Italy, Spain and the UK. As part of our definition, discussion and analysis of these industries, three core industry segments are examined, namely: passenger airlines, freight and courier services, and aircraft manufacturing. The report aims to paint a picture of the current environment and industry using available data and examination of key public companies in each segment whose core services fall into the above categories. Some of the reported key financial results are presented in the comparative data tables on proceeding pages.
